

WOMEN & WEALTH EVENT

JWLA Galentine's Day Charcuterie Class

Celebrate Galentine's Day early with your fellow JWLA members! Join us for **6 Strategies for Economic Freedom**, an empowering workshop led by Wealth Advisor Jenn King as part of Mercer Advisors Women & Wealth initiative.

During this interactive event, you'll gain valuable financial insights while enjoying wine and a charcuterie board-making class with The Board Grazer.

Today, nearly 45% of women are breadwinners or co-breadwinners, making financial empowerment more important than ever.* This workshop is designed to help you take control of your financial future with strategies tailored to your unique goals.

We look forward to seeing you! Space is limited. RSVP today by clicking the "register now" button below.
